CHALLENGE YOURSELF

HELLO WARRIORS!

This is a wonderful time for all of us here at Vipava Valley. We are beyond grateful for every person involved in the 8th edition of Ultra Trail Vipava Valley I Feel Slovenia.

Organizing an event like Ultra Trail Vipava Valley I Feel Slovenia comes with its challenges and a long commitment.

We admire people that commit to challenging themselves mentally and physically. An event like this requires people with talent and specific capabilities to make it happen. We are lucky to have dedicated people with so much passion in our team.

We are committed to challenging our boundaries so that runners can explore their potential and cross that finish line as completely different people.

This experience goes beyond running. This is about challenging ourselves and the audacious runners that are inspiring others to push themselves and become better human beings all around.

When we watch fearless runners at the starting line, we know that this is something bigger than just a race; this is bigger than us. It unites the community at Vipava Valley and all the runners around the world.

Our aspiration is to connect all of us so it can profoundly challenge us and encourage us to grow and develop as individuals.

Every year we meet at Vipava Valley, and every year we meet the same people, but we are no longer the same because we have changed inside.

Let the UTVV I Feel Slovenia 2023 journey begin.

UTW I Feel Slovenia team

Our Story

To challenge our minds, our bodies, and our spirits means we push our boundaries of what we can achieve as individuals.

A commitment to an ultra-marathon race means a commitment to go to the next level. The next level of resilience and adventure.

To go to the next level, it requires us to overcome a series of increasingly difficult levels of challenges. The biggest one is complacency. It stops us from exploring new trails, experiencing new adventures, and most importantly, it robs us from our own human potential.

At UTVV, we want to challenge your boundaries so that you can explore your potential.

For us, the miracle is not the finish line, it's the starting line. It's the courage to start a journey to the unknown.

Our dedicated crew, our giving volunteers, our compassionate community, and our rich history of Vipava Valley in Slovenia is what makes our race incomparable.

We want to challenge you to become bigger than running.

We want to challenge you to push your own limits.

Find the warrior within you to take on this adventure and live a more fulfilling and adventurous life.

You can rewrite your future by deciding to challenge yourself today.

CHALLENGE YOURSELF

UTVV

SUSTAINABLE DEVELOPMENT STRATEGY

The organizers of the UTVV I Feel Slovenia event are aware that the key to successful development is a strategy that develops the long-term visibility and competitive advantage of the Vipava Valley.

In organizing the UTVV event, we strive to carry out the planned event according to the principles of sustainability and the guidelines of the Green Events Guide of the Slovenian Tourism Organization. In doing so, our goal is to reduce the negative impact on the environment and support the local community and economy.

All participants of the event and all who attend the event are encouraged to adopt a respectful and responsible attitude towards the natural and social environment in the Vipava Valley, to achieve sustainable development in the economic, environmental, socio-cultural and climatic fields through actions:

- · Actively contributing to the preservation of local communities, strengthening and respecting cultural and historical heritage and tradition.
- Use only marked trails to protect plants and animals in nature and to conserve natural resources. Permanently marking part of the trails and marking other parts of the trails with recycled materials or materials that can be reused or are naturally degradable.
- · Organize the start/finish area and food stations with strict separation of plastic and organic waste. Volunteers will ask all runners, but also other participants, companions and visitors to do so. Appropriate containers will be provided for this purpose.
- Runners must carry reusable water bottles, as there will be no disposable water bottles at the aid stations.
- Raising awareness, preserving and enhancing the quality and character of the landscape, especially preserving nature by reducing the amount of waste generated by visitors.

Welcome to Vipava Valley — the valley of thousands of opportunities

Tadej Beočanin Mayor of Ajdovščina

The Municipality of Ajdovščina is the economic, educational and cultural centre of Vipava Valley. Surrounded by a rich natural and cultural heritage, it presents opportunities for continuous development. It is difficult to measure what has been done in the last few years in Ajdovščina - the wheels of time propel the Ajdovščina community forward at the speed of light - into a boundless, promising future. Both town and countryside are full of life, each offering an abundance of pleasures at its end, both for sports, culture and business activities.

I am happy that Vipava Valley hosts so many events, to which the running spectacle Ultra Trail Vipava Valley I Feel Slovenia certainly leaves a special mark. It overflows the Paradise Valley with daring competitors, as well as enthusiastic spectators and fans. The picturesque slopes of Vipava Valley offer many opportunities for adrenaline pleasures. Inspiring mountain paths surrounded by unspoiled nature, high climbs, rugged Valley floor, and breathtaking views ... All this attracts runners from near and far. Every year, the multiday May experience of sports and adrenaline brings a mix of sporting pleasures to our Valley and contributes to the further promotion of our region. This year, runners will embark on a running challenge of thousands of opportunities on the date of the municipal holiday, May 5th. I am sure they will feel the festive pulse of our community, which will be a great travel guide for a successful trailrunning tour. Thanks to the organizers, who ensure that our Valley is also famous for the prominent trail-running race. I am sure this year's trail-running spectacle will enrich May's happenings in Vipava Valley and strengthen the sporting spirit. Congratulations to the organizers and all the competitors who are fighting with their will and capacity on their way and overcoming all the obstacles to the finish line. The latter is proof that sport is a kind of eulogy of unbreakable human will and dedication to a goal. Good luck to all the competitors of the ultra-running spectacle, and welcome again to Vipava Valley, the Valley of thousands of opportunities and attainable challenges.

WELCOME

Dear ultra-runners, welcome to our Paradise Valley!

Erika Lojk

director of the Institute for Tourism in Nova Gorica and Vipava Valley

Let the beautiful routes in Vipava Valley enable you to achieve your goals, and may you have enough strength left to enjoy the beauty and delicacies of our area even after the challenge.

The picturesque and rugged Vipava Valley, surrounded by high Karst plateaus and opened to the Goriška plain in the west, is as if created for activities in nature, even the more extreme ones. Runners, hikers and cyclists like to come to us all year round, paragliders and hang gliders find excellent conditions for flying here, climbers enjoy the steep slopes above the Valley even in the winter months, and our rivers offer a lot of pleasure in the summer. Besides that, we also add our unique peculiarity to all these diverse possibilities in the Vipava Valley. First of all, an excellent wine and culinary offer. As a wine country with a thousand-year tradition, we are proud of our indigenous wine varieties and the top quality of our wines. We are equally proud of our culinary tradition, which today inspires top culinary masters. Our area has always been an important intersection of traffic routes and cultures. Remains of the Romans, castles and mansions, churches and monasteries as well as old villages, bear witness to our varied and rich history. The town of Nova Gorica and the neighbouring Italian Gorizia, which will jointly be the European Capital of Culture in 2025, represent a unique coexistence without borders. Perhaps the most valuable difference is our hospitality, which is also why our area is often the scene of major sports competitions.

The destination Vipava Valley is a proud partner of the Ultra Trail Vipava Valley challenge. With its ultramarathon running routes - in total length of more than 200 KM, which embrace the whole Vipava Valley, touch the edge of the Karst, and cross the border with Italy, the Ultra Trail Vipava Valley is a true ambassador of our exceptional range of outdoor activities. Each year more numerous competitors, companions and spectators can enjoy the natural beauty and feel the pulse of our life in this beautiful Valley. I believe they can notice our efforts to preserve unspoilt nature and local tradition as well.

I wish you a successful competition and a pleasant stay with us. We are happy to be your hosts, so we invite you to visit us again and again.

SECURITY

The runners' safety is the most important for us. Please read the safety instructions carefully.

- The UTVV trail follows the paths and tracks in a natural environment along mountain trails.
- The volunteers along the trail will take care of the safety of the runners.
- Presence of medical teams and mountain rescue service is ensured all the time.
- Weather conditions can vary. The highest peaks can be covered in snow. A special danger represents the strong bora wind, which can hinder cross-exposed parts. On the other hand, the temperature in the Valley can exceed 25 C.
- Always run only on marked trails, and stay on the paths.
- Run below your peak possibilities to keep some energy to tackle a difficult situation such as a sudden change in the weather conditions.
- If you encounter any problems, please contact the organizer at 00386 30 290 089.
 In case of emergency, contact the organizer at 00386 30 290 089 or call 112.
- All runners are obliged to assist a competitor in difficulty. In that case, call for help from other runners, call the organizer or call 112.
- Competitors must carry a mobile phone with a full battery. A spare battery is recommended.
- Check that you have provided the right phone number to the organizer.

- Do not stop to rest, in case of extreme fatigue, in the cold and wind, go to the nearest security post, if necessary by going back the way you came.
- Required the use of obligatory equipment.
 If the required equipment is not complete, or the competitor does not appear, penalties follow according to the rules. Data on compulsory equipment can be found in the section on equipment.

A mobile telephone is obligatory for each runner with the international roaming action activated throughout the race and with the battery in working order (think of deactivating your options to save your batteries, e.g.: Bluetooth). For those who are afraid of being disturbed by the ring of their phone, put it into silent mode keeping the "text alert" active. If the race should be stopped, keep your telephone switched on to receive further race information. The organizer must be able to contact you under any circumstance, which includes before and after the race, due to bad weather or any other unforeseen occurrence.

Verify that the number that you have put on your registration document is the number of the phone that you will be carrying during the race.

MEDICAL CARE

Whenever the medical staff assesses that a runner is no longer able to continue the race they can stop the competitor and take care. In case of violations, the competitor may be disqualified.

EMERGENCY
PHONE NUMBER RACE HQ:

00386 30 290 089

SOS:

112

We suggest you save the Emergency Phone Number - Race HQ on your mobile phone, so you recognize the number, in case the organizer calls you.

> I FEEL |SLOVENIA

TECHNICAL TRAIL DESCRIPTION

The terrain varies on different parts of the trail. Mostly there are gravel paths and single trails, some parts are on paved roads. The most technical parts are:

- descent from Nanos to Vipava, where there are many rocks downhill
- ridge from Podrta Gora to Otlica, and Predmeia
- · descent from Kucelj to Vitovlje
- · descent from Ostri vrh.

The rocks on single trails can be technical and quite sharp sometimes, especially dangerous in wet conditions.

Crucial road 'danger zones' are marked, so you know you are entering the danger zone, on crossings of main roads there will be our staff (marshals) stopping the cars.

Percentage of different terrain:

MARKING

On the trail, you will see different marking materials. The most common are flags and strips. On the road, there will be crayon spray marks. We also use sticks that show the right direction.

DROP OUTS

Runners can drop out only at the checkpoint. The organizer offers transport to the finish line in Ajdovščina, except on the following non-repatriation points:

- Podrta Gora (non-repatriation point)
- Mala Gora (non-repatriation point)
- Vitovlje (non-repatriation point)

THE CLIMATE IN MAY IN VIPAVA VALLEY

The weather in Vipava Valley and the surrounding peaks can be very diverse in May, depending on the current weather situation. Temperatures may be close to 30° C on sunny days in the Valley, but not higher. Also, the temperature can drop a few degrees below zero on a clear night, and the rapid cooling of the tops is also possible. Therefore, you cannot be surprised by the presence of snow. It can be newly fallen snow or remains of the unmelted winter snow around Čaven.

It is also worth drawing attention to the trademark of Vipava Valley - the north wind burja. Burja can blow over 100 km/h and thereby complicate the movement. The wind dramatically reduces the feeling of temperature; therefore, you must be careful when dressing for these weather conditions.

IMPORTANT: Follow the weather forecast and adjust your equipment and clothing accordingly.

CUT OFF TIMES AND TRANSITIONS

The runners must arrive/start from the checkpoint and arrive at the finish within the cut-off time.

If runners arrive/start from the checkpoint after the time limit, they are automatically disqualified, and the organizer arranges transport for the runners to the finish. The runners are also disqualified if they do not arrive at the finish before the time limit.

The last runner on the trail is the "sweeper", who ensures that no runner falls behind. The sweeper accompanies the runner to the next checkpoint if necessary.

THE PARADISE VALLEY

is real

By bike or on foot, before paragliding, after relaxing by the river ... any day of the year. Each day unique, yet always with heavenly flavours.

www.vipavskadolina.si

*We keep our trails tidy, enjoying a wealth of local dishes.

APPROVED BY

GREEN GUIDE

#ifeelsLOVEnia #vipavskadolina #vipavavalley

GENERAL TERMS & CONDITIONS

- Each runner competes at their own responsibility.
- Runners should have prior experience in trail and ultra-trail running, they should not have vertigo, and should be physically well prepared.
- Runners under the age of 18 years cannot compete at UTVV170 /110/60 due to the extreme difficulty of the race. Runners younger than 14 years cannot compete at the UTVV30.
- The race is carried out in all weather conditions unless the safety of the runners is at risk (extreme storm ...). In such a case the Organizing Committee is going to decide on a backup trail, backup parts of the trail or cancellation of the race.
- The trail will be marked in a way that it will ensure that the runners will not have to deal with the orientation (e.g. strips, plates, flags ...). The race staff and the volunteers will be present at key points to help and direct the runners.
- All runners must comply with the marked path. Any use of shortcuts and running out of the marked path shall be punished with penalties or immediate disqualification.
- If a runner does not see any markings for more than 200 m, he or she has to return to the last marking and re-check the possibility of continuing.
- If the marks are highly deficient or missing, runners have to report that at the nearest checkpoint.
- All runners must have required obligatory equipment.

- Competitors opting to use walking poles at the start of the race must carry these throughout the entire race until the finish.
 It is not permitted to take on or to get rid of poles during the race.
- Support of any kind on the trails between aid stations is not permitted!
- We strongly suggest the use of the GPS track on your watch.
- A runner may voluntarily withdraw from the race at the checkpoints or refreshment stations. The withdrawal must be immediately communicated to the organizer (Contact on the BIB number).

MEDICAL TREATMENT

Whenever the medical staff or Mountain Rescue assesses that a runner is no longer able to continue the race, they can stop the competitor and take care of him/her. In a case of violations, the competitor may be disqualified.

On the trail there will always be present Medical crew with emergency vehicle and multiple Mountain Rescue teams.

MANDATORY EQUIPMENT

	UTVV170	UTVVIIO	UTVV60	UTVV30	UTVV15
BIB number always visible					
Water bottle (camel bag, bottle, soft flask)	+				o

Sun protection	0	0	0	o	
Energy food	+				
Running poles	o	0	0	0	

Mandatory gears
 Recommended gears
 Mandatory for slower runners

Check-up of mandatory equipment may be at the start, or at any time along the trail. In the case of a bad weather forecast, the organizer retains the right to impose additional mandatory equipment for the safety of the runners not later than one day before the event.

PENALTIES AND PROHIBITIONS

PROHIBITION	PENALTIES
BIB number not placed correctly	15 min
Incomplete obligatory equipment (organizer may at any time verify if the runner has all the obligatory equipment). Each runner must have and must show the obligatory equipment, if asked to do so.	O,5 hour for every missing part. You must provide yourself obligatory equipment, otherwise you cannot continue the race.
Using support between stations	1 hour
Using shortcuts, not following the marked path, coming to CP or station from the wrong direction	1 hour
Failure to follow the marked trail and use of shortcuts (the trail has marked and hidden checkpoints). Each runner must be recorded at all checkpoints.	2 hours
Insults or threats to the organizer, to a volunteer or to fellow runner	Disqualification
Proceeding after the time limit has been reached	Disqualification
Disposal of trash on the trail and next to it	Disqualification
Use of transport during the race	Disqualification for life
Failing to aid another competitor in trouble	Disqualification for life

^{*}Disqualification or penalty can be immediate, or upon the detection of the irregularity.

REFRESHMENT & CHECKPOINTS

The trail has several refreshment stations and checkpoints. At refreshment stations, the runners can get drinks and food and fill their bottles with liquid to continue running (see table opposite).

The runners can throw off their waste only at the checkpoints and refreshment stations.

I FEEL SLOVENIA

PHOTO DOCUMENTATION

The runners agree to use of photo and video material recorded during the race for promotional purposes by the organizer.

Professional photo service will provide you with an extra personalized photos that you can download immediately after the race.

LIABILITY

Runners are participating in the race at their own risk. The organizer assumes no liability for injury or damage caused to the equipment. By attending the race, the runner agrees to all rules and consequences that apply to the event.

COMPLAINTS

All complaints must be submitted within half an hour after the arrival of the runner to the finish in written form with a deposit of € 50. The appeal is going to be examined and the response is going to be provided by the Organizing committee jury. The decision is going to be taken as soon as possible. The decision has no appeal. It is not going to be possible to appeal to the decision; it is going to be final.

Any complaints about irregularities at the trail must be made in written form and with supporting documentation (photo material, or at least three witnesses).

The jury is composed of:

- Race director
- Technical director
- Head of the checkpoint or refreshment stations, depending on individual complaint
- Other persons considered to be competent in a particular dispute or complaint (appointed by the leader of the competition)

Photochromic Vision. Unlimited passion.

The Emperor - UTVV 170 km route runs from the center of Ajdovščina, along the paved path at river Hubelj towards the southern wine-growing hills, where, climbing from Dolenje, passes the scenic church of Sv. Marjeta reaches the Planina plateau and then joins the existing Emperor route at the Guerila estate.

The descent to the village of Slap follows, and then, in a gentle ascent, it crosses the village of Lože (1st aid station), then the picturesque village of Goče, and in a gentle descent it reaches the village of Podraga. The first serious climb to Socerb warms up the runners for the famous 1,000-meter ascent to the top of Nanos (1,262 m), which follows after the stop in Podnanos.

Through the heart of Nanos, the route past the Abram Tourist Farm and the chapel above the avalanche, and descents down into the valley, where a rich aid station on the Main Square in Vipava greets the runners. After a short flat part, the second ascent of the race follows, to Kovk (961 m). Now it's time for one of the most beautiful ridge trails in Slovenia, the crossing of Angelska gora and the ascent to Čaven (1242 m), followed by a picturesque crossing towards Mala gora and Kucelj (1237 m).

The last "thousand-meter mountain" escorts the runners towards the beautiful church on the rocky cliff, where the Vitovlje aid station is located. The route continues through Šmihel and further west past the picturesque Lijak to Škabrijel, past Ravnica and Grgarje to the top of Sveta Gora, with an illuminated shrine that acts as a beacon to show runners the way at night. From Sveta Gora, the route descends to Solkan and continues towards Nova Gorica along the border with Italy.

It crosses the national border at Trg Evrope, climbs the Goriška Castle in Stara Gorica (Italian: Gorizia), and then returns to Slovenia along the path under the Kostanjevica monastery. The route continues via Panovec, through Ajševica to Renče, Cerje, and along the ridge below Trstelj to reach the picturesque village of Tabor.

The Branik Castle, with the tallest stillpreserved tower in Slovenia, awaits runners at 150 km. The last 20 km of the route runs along the scenic Preserje-Planina ridge. Descending past the village of Planina, the trail ends in Ajdovščina along the paved path along the Hubelj river.

ASTERIX ERDINGER UTVV15

The Asterix – UTVV 15 km route runs from Ajdovščina towards the medieval monastic village of Vipavski Križ, which represents the ascent of the walled hill as the only ascent on the route. Runners circle inside the walls and go through the southern gate towards the river Vipava.

The route then runs along the river on hardened macadam paths until it reaches the longest trails crossing the Vipava via the Napoleon bridge in the village of Dolenje. The route ends in Ajdovščina. An easy, playful distance of less than 200 VM, suitable for all beginners in trail running.

5 REASONS FOR CHOOSING SLOVENIA

SUSTAINABILITY IS OUR FIRST CONCERN.

Slovenia, the world's first Green Destination country, has a number of sustainably oriented destinations and tourism businesses. Search for Slovenia Green label.

RESPONSIBILITY IS THE KEY.

Follow the Green&Safe and Safe Travel labels showcasing our commitment to creating the best possible conditions for safe holidays.

GASTRONOMY AT ITS FINEST.
Slovenia, the 2021 European Region of

Slovenia, the 2021 European Region of Gastronomy, is developing sustainable gastronomy and innovative culinary adventures.

IT'S YOU THAT MATTERS.

Slovenia is a non-mass tourism destination for unique, boutique 5* experiences.

THE VERY BEST OF EUROPE.

Diversity is Slovenia's »middle name«, the only European country where the Alps meet the Mediterranean, the Karst and the Pannonian Plain.

- A Thermal Pannonian Slovenia
- B Ljubljana & Central Slovenia
- C Mediterranean Karst Slovenia
- D Alpine Slovenia

Since Vipava Valley is known worldwide as a prestigious wine destination, we offer you Obelix – Hike & Wine non-competitive tour. On this tour, you will hike with us among the beautiful vineyards and taste some of the best wines Vipava Valley offers. Great wine goes perfectly with great food – and we got you covered. You will try some of the best local specialities as well.

HOW TO GET HERE

AJDOVŠČINA

To come to Ajdovščina you should follow the highway H4 up to exit Ajdovščina.

At the traffic light go straight forward and follow the main road to the roundabout, take the 3rd exit, continue straight and take the first street right. Continue forward to the speed bump crossing, turn left and then first right (passing the church on your right side). Continue forward and after 300 m you will get to the event venue.
